

Child Care Should Make Life Easier — We Make Sure it Does

We have space available in our before and after care program at Bright Horizons at Good Shepherd Academy. Our convenient location, schedules that accommodate your busy schedule, and teachers who love what they do, make our before and after school program the best option for your family.

Visit us and come see what we're all about! We offer our families:

- Peace of mind of knowing where your child is before and after school, an opportunity for free time, and a chance to run errands before pickup
- Play time for your child, as well as interactive journaling to improve language skills and listening
- Drop-in care on a space-available basis
- Healthy mid-day snack served daily
