

Gift Card Collection for Veterans of Veterans Village

During the month of November, we are requesting for GSA families to donate funds to purchase grocery gift cards for the veterans to use for their food and personal care supplies.

This group is brought to shop weekly at local grocery stores so gift cards will be well appreciated. We will use any money donated to purchase these cards through our GSA Voucher Program. This is a win for both the veterans and our students!

We understand that this may be difficult for some families during this time, but if you are able, please consider giving during this month that honors our military heroes.
